- ▶ Smooth duvet covers
- ▶ Large range of pillow cases

Our bedding essentials
promise you more than
just a snooze, siesta or a
good night's sleep

FEATHER PILLOWS

- ▶ Feather pillows are generally softer and offer a more luxurious feel compared to other pillow types. 
- ▶ They are typically filled with goose down and feathers or duck down and feathers. 

FEATHER DUVETS

- ▶ Natural-filled duvets using goose or duck down or feathers provide better thermal insulation compared to synthetic duvets.
- ▶ As a result, they require less filling to reach the same tog rating, making them generally lighter in weight.

FIBER PILLOWS

- ▶ Fibre pillows are made from polyster, offering synthetic alternatives.
- ▶ These pillows are soft, extremely resilient, affordable, hypoallergenic and comfortable.

FIBER DUVETS

- ▶ Fibre-filled duvets use polyester fibres designed to mimic the insulating properties of down duvets.
- ▶ They require more filling to match the warmth of down, so the effectiveness depends on the quality of the fibre used.

PILLOW PROTECTORS

A pillow protector covers your pillows and provides a barrier

- ▶ against wear and tear, moisture and stain.

Types of Pillow Protectors

- Quilted Pillow Protector
- TPU Coated Pillow Protector
- Polyester Cotton Pillow Protector

MATTRESS PROTECTORS

- ▶ Most mattress protectors fit over your mattress like a fitted bed sheet.

- ▶ Common types include -

Quilted Mattress Protectors and
TPU-Coated Mattress Protectors.

MATTRESS ENCASEMENT

A mattress encasement completely

- ▶ surrounds your mattress.

Made from Stretchable Fabrics

- ▶

BATH LINEN

BATH TOWEL

- ▶ A piece of absorbent cloth used for drying or wiping a surface
- ▶ Draw moisture through direct contact.

BATH MAT

- ▶ Provide an anti-slip surface to step on after you take bath or shower.
- ▶ Make you hygienic

FACE TOWEL

- ▶ Commonly called wash cloths.
- ▶ The smallest type of towels.
- ▶ Usually a square shape.

HAND TOWEL

- ▶ Smaller than a bath towel.
- ▶ Used for drying the hands after washing them.

SPA LINEN

SPA TOWEL

Premium ringspun cotton yarn

Designed to provide the ultimate comfort

Generally thicker and softer, they tend to weigh an average of 15-20 lbs

BATH SLIPPERS

Wearing slippers in the shower just leaves you with (clean) wet slippers.

They must be removed to wash the feet, so just leave them outside to wear after you dry your feet.

Dry slippers can be worn through the house.

POOL TOWEL

Soft, absorbent towels made of cotton or terry cloth are the most common towels in aquatic world .

Most swimmer , water polo players, and other aquatic athletes choose these as their drying-off method of choice

BATH ROBE

A bathrobe is used mostly for privacy.

Types of Bath robes are-
Honey Comb Bath robe
Terry Bath robe
Velour Bath robe
